

PE and Sport Premium for Primary Department

At Exhall Grange School we believe PE and sport plays an important role in making our vision statement a reality for every pupil, with the potential to change pupil's lives for the better.

We have welcomed the Government's announcement to provide additional funding to make additional and sustainable improvements to the quality of PE and sport we offer. We will develop the sports activities we offer and make improvements that will benefit pupils joining us in future years.

PE and Sport Premium funding

Funding for schools will be calculated by the number of primary aged pupils (between the ages of 5 and 11) as at the annual census. All schools with 17 or more primary aged pupils will receive a lump sum of £16,000 plus a premium of £10 per pupil.

Accountability

Ofsted assesses how primary schools spend their funding:

' how effectively leaders use the primary PE and sport premium and measure its impact on outcomes for pupils, and how effectively governors hold them to account for this.' Ofsted Handbook 2016

Areas of impact that may be considered by Ofsted, on pupils' lifestyles and physical well-being are:

1. Increased participation rates in such activities as games, dance, gymnastics, swimming and athletics;
2. Increased knowledge of teachers within the subject area through CPD, team teaching and access to resources.
3. Increased, amount and success in competitive school sports both inter and intra school;
4. More inclusive physical education curriculum;
5. Growth in the range of provisional and alternative sporting activities (new sports);
6. Improved partnership working on physical education with other schools and other local partners (School Sport Associations, NGB's, County Sports Partnerships, clubs etc);
7. Linked with another subject which contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills;
8. Greater awareness amongst pupils around health and wellbeing e.g. dangers of obesity, smoking and other such activities that undermine pupils' health.
9. Improved physical education lesson planning and pupil assessment.
