- encourage pupils to accept responsibility for their behaviour, show initiative, and to understand how they can contribute positively to the lives of those living and working in the locality of the school and to society more widely;
- enable pupils to acquire a broad general knowledge of and respect for public institutions and services in the United Kingdom;
- further tolerance and respect between different cultural traditions by enabling students to acquire an appreciation of and respect for their own and other cultures; and

Usage will be monitored and in the event of any behaviour not in keeping with the Preventing Extremism and Radicalisation Policy, the School may contact the police and will terminate the arrangement.

9. Channel Panel

Channel is a program that focuses on providing early-stage support to individuals identified as vulnerable to being drawn into terrorism. It establishes a mechanism for schools to make referrals if there are concerns about an individual's susceptibility to radicalization. Participation in the program is entirely voluntary at all stages. You can find guidance on Channel at Channel Guidance, and staff can undergo a Channel awareness e-learning program at Channel General Awareness.

The DSL at Exhall Grange (and any deputies) is familiar with local procedures for making a Channel referral. As a Channel partner, the school may be invited to attend a Channel panel to discuss the referred individual and assess whether they are vulnerable to being drawn into terrorism, determining the appropriate support needed.

The objectives of the Channel Panel are to: -

Preventing Extremism and Radicalisation Policy

- identify individuals at risk of being drawn into violent extremism
- assess the nature and extent of that risk
- develop the most appropriate support for the individuals concerned.

It is important to trust your professional judgement – if you are concerned that someone is at risk of getting involved in extremism, you should discuss this with your DSL without delay.
